About this invoice

Your Monthly Charges

Globalgig is a monthly data service. Your plan charge is invoiced monthly in advance. Excess Usage, or out of plan usage, is charged in arrears. Any data usage not reported to us when we prepare your invoice may be invoiced at a later date.

Payment Card Authority

On registering an account with us you provided us with your payment details. By activating your service you authorised us to automatically debit the amount due via your nominated payment method.

What is Pro-Rata?

Pro-Rata charges mean that your plan is billed in proportion to the number of days it has been connected. They are calculated by dividing the cost of your plan by the number of days in the full billing cycle multiplied by the number of days connected to the plan. Pro-rata charges commonly occur on your first invoice, or where a plan change has taken place mid-month.

VAT

All total amounts due are inclusive of VAT where applicable.
