Usage alerts & spend controls

You are able to track your data usage for each billing period 24/7 by logging into My Account. We will email usage alerts when you exceed 50%, 85% and 100% of your monthly data allowance.

We will then notify you for every £10 spent in overage or out of bundle charges. For your convenience, overage and out of bundle charges are capped at £50 to avoid unexpectedly large bills. This limit can be increased should you require.

Please note: Spend management notifications are a best effort service and are valid at the time of email generation. Occasionally, notifications may be late due to delays in receiving data records from our network partners.

Contract term

Globalgig In-Car WiFi plans are available on 1 month rolling contracts. If you request cancellation it will take place at the end of your current billing cycle, as long as you provide 48 hours' notice. We require all cancellation requests in writing via email.

Billing information

Globalgig In-Car WiFi is a post-paid service, which is invoiced on the 1st of each month. All overage and out of bundle charges are charged in arrears.
