

## Globalgig Mobile Broadband – Effective 1<sup>st</sup> July 2017

### Plan overview

Data allowance	100MB
Monthly price	£1
Minimum term	1 calendar month rolling
Overage	4p per MB

### Plan inclusions

Our Saver plan can be used throughout the UK.

### Usage alerts & spend controls

You are able to track your data usage for each billing period 24/7 by logging into My Account. We will email usage alerts when you exceed 50%, 85% and 100% of your monthly data allowance.

We will then notify you for every £10 spent in overage or out of bundle charges. For your convenience, overage and out of bundle charges are capped at £50 to avoid unexpectedly large bills. This limit can be increased should you require.

Please note: Spend management notifications are a best effort service and are valid at the time of email generation. Occasionally, notifications may be late due to delays in receiving data records from our network partners.

### Contract term

Globalgig Essential plans are available on 1 month rolling contracts. If you request cancellation it will take place at the end of your current billing cycle, as long as you provide 48 hours' notice. We require all cancellation requests in writing via email.

### Billing information

Globalgig is a post-paid service, which is invoiced on the 1<sup>st</sup> of each month. All overage and out of bundle charges are charged in arrears.

Pro-rata charges are applied when you connect or upgrade your SIM after the 1<sup>st</sup> of the month. They commonly appear on your first invoice, or on an invoice following a plan change that has happened mid-month.

GlobalgigSaver\_SDUK\_01092017

## Service Description

Pro-rata charges are calculated by dividing the cost of your plan by the number of days in the calendar month then multiplying that by the number of days connected on your plan.

All times and dates are calculated in Greenwich Mean Time (GMT), this includes service activation, usage reporting and suspensions.

### Plan upgrades

You can upgrade to a plan with a higher data allowance by contacting Customer Service.

### Limitations & qualifications

#### Data only

Globalgig is a data only service. Traditional voice and SMS services are not supported.

#### Compatible devices

Our 3-in-1 SIMs can be fitted to any SIM-enabled, 3G or 4G device. You can connect up to 10 WiFi capable devices to your Globalgig hotspot.

#### SIM cards

Please ensure you have one of our latest SIM cards to ensure coverage throughout our entire network.
